Dear Prospective Member,

Thank you for your interest in Flossmoor Country Club! Enclosed you will find membership information and special promotions for 2017. This is a great opportunity for you to enjoy all the benefits of country club membership by taking advantage of our fantastic membership offerings.

In 2009 a fully renovated golf course was introduced to our members. Golf Course Architect Ray Hearn was the leader of this three year project and worked in conjunction with the club's project committee. Without taking away from its style and historic value, a refreshed and more challenging course was born. Any golfer who has played a round here will tell you it has earned its reputation as a true championship course. As a result, we were named "Renovation of the Year 2009" by GOLF Magazine.

Along with a world-class golf course, we have a newly constructed pool house complete with snack shop, poolside bar, and a multi-purpose room that is GREAT for parties! We also offer golf, swimming, and tennis programs for all ages. Programs include a top-rated Junior Golf Program that follows the US Kids golf curriculum taught by PGA Professionals, two different Ladies Leagues, a newly-developed Men's League, and Tennis Leagues taught by our USPTA pro.

In 2015, Flossmoor Country Club was recognized as the "Best Country Club" by the Daily Southtown Star!

There are a number of different membership options so take a moment to decide which one is best for you and call me with any questions. I would be happy to set up a tour for you at your convenience. I also invite you to take a look at our website and/or Facebook page where you can find more information about all that Flossmoor Country Club has to offer.

Best regards,
