Flossmoor Country Club Welcomes New Food and Beverage Manager

April 1, 2014 - We would like to formally introduce Dane Mamula, our new Food & Beverage Manager.

Dane's background is rooted in an organization that is one of the benchmarks of hospitality: The Four Seasons. As Food & Beverage Outlets Manager at the Four Seasons in Scottsdale and then Chicago, Dane brings in-depth knowledge, experience and training in all aspects of food and beverage operations with a focus on true hospitality.

Following his impressive tenure with the Four Seasons, Dane served as Assistant General Manager at the Woman's Athletic Club of Chicago. Running all of the F&B Operations was only one component of Dane's duties as he worked to set standards throughout the club, assuring service of the highest levels.

Dane's private club experience is just as notable, as he served as Assistant Food & Beverage at Ruth Lake Country Club where he was busy directing operations of the restaurants bar, cabana and halfway house. Equally impressive, Dane was tasked with restructuring of the beverage department as well as instituting core standards and employee training throughout the club's operation.
